HARISHKUMAR M

Software Developer (PHP | Laravel | Drupal)

harishpmkumar2002@gmail.com | +91 8526309986 | Coimbatore, Tamilnadu

PROFESSIONAL SUMMARY

PHP Developer with 2.7 years of experience in developing scalable web applications using PHP, Laravel, Drupal 10/11, and React. Experienced in custom module development, REST API integration, AWS (S3, IAM), payment gateway integration, MySQL optimization, and performance tuning. Passionate about building secure, scalable, and maintainable applications while collaborating effectively in Agile teams.

WORK EXPERIENCE

Software Developer **Feb 2024 - Present**
Hapus Infotech Private Limited, Coimbatore

- Developed scalable web applications using PHP, Laravel, Drupal 10/11, and React.
- Built and customized Drupal modules, themes, and content types.
- Designed and integrated REST APIs and third-party services including Razorpay and PayPal.
- Worked with AWS S3 and IAM for secure file storage and access management.
- Developed and enhanced Data Export modules for efficient data processing.
- Designed and optimized MySQL databases and SQL queries.
- Collaborated with frontend developers, QA engineers, and project managers.
- Fixed production issues and optimized application performance.
- Used Git, Composer, and Agile methodologies for collaborative development.
- Participated in code reviews, testing, deployment, and maintenance.

KEY PROJECTS

Bill Mastr
Laravel | PHP | MySQL | Bootstrap | REST API

- Developed a billing and inventory management system using Laravel and MySQL.
- Implemented product, vendor, tax, and invoice management with role-based access control.
- Built REST APIs and optimized database queries for better performance.
- Designed an admin dashboard to manage sales, billing, and reports efficiently.

Drupal Data Export Module
Drupal 10 | PHP | MySQL | AJAX

- Developed a custom Drupal Data Export module for exporting records in CSV, XLSX, PDF, and DOCX formats.
- Implemented dynamic field selection, custom SQL queries, and configurable export options.
- Optimized large data exports with proper error handling and improved performance.
- Integrated the module into Drupal's admin interface following Drupal coding standards.

EDUCATION

BE - Computer Science and Engineering **Aug 2019 - Jun 2023**
Park College of Engineering and Technology

- Final CGPA: 8.3

TECHNICAL SKILLS
